## Tips & Instructions for Creating Your DVD Photo Slide Show

### Select Photos

- o We will include up to 200 photos free of charge. Each additional photo is \$.25. Scanning is included, if needed.
  - Each photo will be shown for approx. 5-10 seconds (will vary for each photo):
    - 50 Photos: 4.1 – 8.3 Minutes
    - 100 Photos: 8.3 – 16.6 Minutes
    - 150 Photos: 12.5 -25 Minutes
    - 200 Photos: 16.6 -33 Minutes
  - Usually between 75-125 photos is best for most slideshows.
- o Tips for Selecting Photos:
  - o If possible, choose photos that are between 3x5 in to 8x10 in. These will have the best resolution once scanned and will fit the screen best. If possible, stay away from photos that have been cut or physically altered.
  - o Choose photos that highlight the person(s) or event that the slideshow is about. Choose a photo of a child with his friends or family rather than a child in a formal team photo. This will allow your viewers to identify the person easier and enjoy the personality of the person.

### Put Photos in Order

Printed Photos: Number each photo (with a sticky note on back or with a light pencil on the back lower right corner).

Digital Photos: Rename the photo with the number that it should fall in to in the slideshow.

### Select Songs

- We have a wide variety of music and will include up to 5 songs of your choice into the slide show.

### Select Color Preferences

- Colors will be used for text, title pages, and credits. Choose the colors or color families you would prefer for use in your slide show.

### Turn all photos and information in to Sound Wave Music.

- If possible, meet with a Sound Wave Music representative for personalized planning and delivery of materials. If this is not possible, fill out the planning form and mail all materials and planning to Sound Wave Music at PO Box 5868, Boise, Idaho 83705-0868. Printed photos can be delivered in an envelope. Digital photos should be burned on a CD, thumb drive, or SD card. All photos and hardware will be returned.

### Expect 2-3 Weeks for Production of Your Slideshow.

- Your Slideshow will be personally delivered or mailed by an agreed upon date.
